

Antonio Vasiljević

Applied Underwater Robotics Laboratory,
Norwegian University of Science and Technology
E-mail: antonio.vasiljevic@ntnu.no

Dr. Antonio Vasiljević (M) is a research project manager at the Applied Underwater Robotics Laboratory (AURLab), Norwegian University of Science and Technology where he is responsible for full lifecycle of research projects, from securing funds, implementation, delivering research results and reporting. Previously, Antonio acted as a Senior and Leading Researcher at the Laboratory of Underwater Systems and Technologies at University of Zagreb Croatia where he was project manager or key researcher in number of projects related to marine robotics, mainly funded by European FP7 and Horizon programmes. Before returning back to academia in 2009, he worked in various engineering and senior positions in marine industry. He is an author and co-author of more than 50 papers published in journals and at conference proceedings. His research interests cover broad area of marine robotics and marine technology in general and their applications.
